Filing a Patent Application outside Singapore

If you wish to file a patent application outside Singapore claiming priority from this application, the overseas application would generally have to be filed within 12 months from the Date of Filing.

However, if this is your first application for the invention, you would need to wait for written authority to be issued by the Registrar if you intend to file the patent application overseas. This may take up to 2 months.

Patent Cooperation Programmes

You may also be interested to know that we have established the following patent cooperation programmes to allow applicants to obtain corresponding patents faster and more efficiently in other countries –

- the Patent Prosecution Highway (PPH) with China, Mexico, Germany, the European Patent Office, and the Global PPH participating offices;
- the ASEAN Patent Examination Co-operation (ASPEC) with Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia, the Philippines, Thailand and Viet Nam; and
- the Patent Cooperation Programme with Cambodia.

If you have filed corresponding patent applications at any of these patent offices, find out how you may be able to benefit from these patent cooperation programmes from our website (www.ipos.gov.sg).
